Memorandum

TO: Potential Proposers
RFP # 317.03-105, GCTS

FROM: Travis Johnson
GCTS RFP Coordinator

SUBJECT: Cancellation of RFP

DATE: June 26, 2003

In accordance with RFP Section 3.20, the State of Tennessee hereby cancels RFP # 317.03-105, for the Governor's Correspondence Tracking System (GCTS). This cancellation is due to flaws in the cost model, which could have led vendors to propose erroneous costs. Of course, all events associated with this RFP, such as Software Demonstrations, are also cancelled.

We apologize for any inconvenience this may have caused. The State plans to correct the RFP and re-issue it again in the near future. Thank you for your interest in doing business with the State of Tennessee, and we hope that you will participate in future procurements.
